

Microsoft Endpoint Management Deployment Offers

- ✓ Secure Corporate and BYOD Devices
- ✓ Easily Deploy Software
- ✓ Centralize Control

Microsoft Endpoint Management (Intune) offers you a rich portfolio of protection services to prevent information technology attacks and reduce the cost and complexity of managing PC's, Smartphone and Tablets.

The table summarizes the process for deploying the service to your user community.

Process	Detail	Admin Setup (hours)		Rates - \$185/hr	
		Silver	Gold	Silver	Gold
Assign Licenses		2		\$ 370	\$ -
Enroll Devices				\$ -	\$ -
	Hybrid Connected Devices	8	16	\$ -	\$ 2,960
	Intune Connected	4	8	\$ 740	\$ 1,480
Device Policies				\$ -	\$ -
	Define Endpoint Policies - Domain Connected	Varies		\$ -	\$ -
	Assessment for Policy Location			\$ -	\$ -
	Define Endpoint Policies - Non-Connected			\$ -	\$ -
	Up to 5 Policies	4		\$ 740	\$ -
	5-15 Policies	12	24		\$ 4,440
	> 15 Policies	24	40		\$ 7,400
				\$ -	\$ -
Deploy & Test Policies				\$ -	\$ -
	Identify Test Devices	1		\$ 185	\$ -
	Deploy Test Policies - 5 policies	8	16	\$ 1,480	\$ 2,960
				\$ -	\$ -
Deploy Device Policies to All		4	24	\$ 740	\$ 4,440
				\$ -	\$ -
Applications				\$ -	\$ -
	Up to 5 Applications	12		\$ 2,220	\$ 2,220
	Up to 15 Applications	32			\$ 5,920

Silver Example - Intune Connected \$ **6,475**
